Impact gymnastics teams flipping their way to district

Sep 24, 2016

Impact Athletic Training Center's levels 4 and 5 gymnastics teams kicked off their season Sept. 9 at Trevino's District Qualifier in Lancaster, where Impact's level 4 team won the first place small team award and level 5 won the third place small team award.

Both teams also competed at the Lone Star District Qualifier Sept. 16-18 in Bedford where level 4 won the third place small team award and level 5 won the first place small team award. Impact's teams are preparing for the district championships that will be held in October.

Qualifying gymnasts at that meet will advance to the state championships in November.
