Safe Sitter Course

Texas Health in Willow Park will offer a Safe Sitter course from 9 a.m. to 4:30 p.m. on Thursday, June 23. Safe Sitter® is a medically accurate babysitting training program designed for young adolescents (no younger than 11). The mission is to prepare young adolescents for the profound responsibilities of nurturing and protecting children.

The Safe Sitter® program includes instruction in babysitting skills and techniques such as:

Care of Choking Infant/Child - Learn what to do if an infant or child chokes. Each student is individually tested in these procedures, using CPR mannequins.

Infant and Child CPR - Learn CPR techniques.

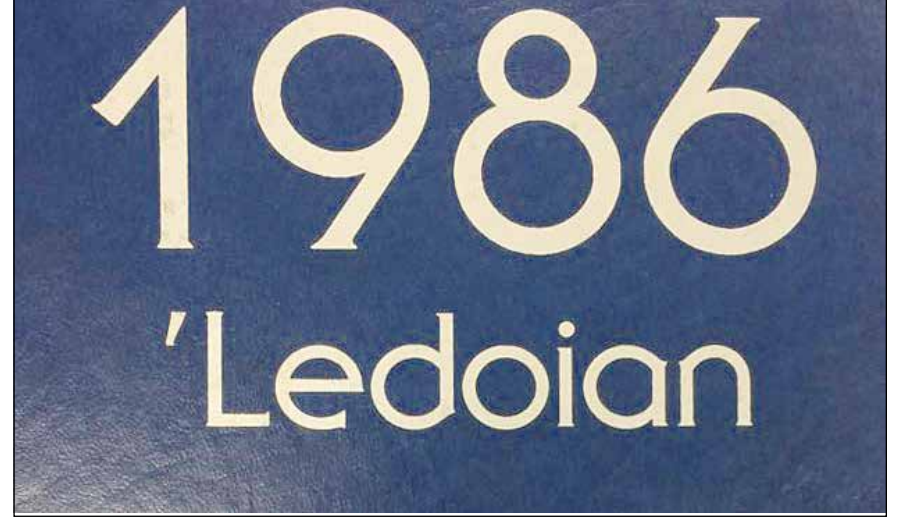

Injury Prevention and Injury Management - Learn a system to enable them to evaluate the severity of a problem and to determine how to get help. Administering basic first aid for

minor problems is also included in this section. Students learn how, why, and where injuries can occur for prevention.

Safety for the Sitter - All aspects of staying safe are discussed for babysitters and the children in their care. Learn how to react to a variety of threatening situations from power failures to prowlers. For personal safety, they are taught strategies to use if they need to be picked up immediately from a babysitting job.

Child Care Essentials - Learn the basics of child development from infants to school age children. Practice is included for such skills as feeding and diapering. Nurturing child care techniques are emphasized.

Behavior Management - Learn how to prevent problem behavior in addition to a system which classifies problem behavior by the risk of harm. They also learn how and when to call for help when managing problem

behavior situations.

Babysitting as a Business - The responsibilities of running a business - from setting fees to ethical considerations are discussed. Learn how to screen jobs for safety, how to judge your own babysitting abilities, what information to leave with your own parents, and what information to get from your employers.

Cost for the course is \$40. To register, call 1-877-THR-WELL or visit TexasHealth.org/Willow-Park.
